

CSR Projects Approved by the Board for the Financial Year 2022-23

A. Background

At Reliance Gas Pipelines Limited ("the Company") Corporate Social Responsibility ("CSR") is embedded in the Company's long-term business strategy. The Company's community initiatives help elevate the quality of life of millions, especially the disadvantaged sections of the society. Keeping the same in view, the Company has been undertaking various CSR activities every year. During the financial year 2021-22, the Company has spent Rs. 52.53 Lakh towards COVID-19 - Mission Covid Suraksha in the area of promoting health care including preventive health care initiatives.

The Company's CSR Policy and initiatives outline the vision, mission, areas and key requirements as per Schedule VII read with Section 135 of the Companies Act, 2013 ("the Act"). These initiatives are implemented by the Company through Reliance Foundation, a company within the meaning of Section 8 of the Act, the implementing Agency.

B. Project approved for the financial year 2022-23

Sustainable Livelihoods Programme

The above initiative aims to reduce poverty and inequality by generating employment among poor households as well as by moving highly vulnerable households into sustainable livelihoods and towards economic stability. These initiatives are implemented by the Company through Reliance Foundation, a company within the meaning of Section 8 of the Act, the implementing Agency.

Reliance Foundation has been working directly with marginalised rural communities, nurturing grassroots leadership, and empowering them to create positive social change in the areas of water, nutrition and livelihood security. A range of technology-based solutions help communities resolve issues of information asymmetry and access a multitude of knowledge portals, services and support to take timely decisions.
